"미수야, 너를 열에 백 속두고 싶구나…."

미수의 정체를 알게 된 휘.
그에 대한 심난 함과 쉽게 누그러지지 않는 가운데,
날카로운 화살을 쏘아 날렸는데 미수는 미동도 않은 채
그 자리에서 활을 받아번다. 그 일로 인해 휘는 미수를 용서하게 되고
그렇게 둘은 다시금 서로를 의지하게 된다.
하지만 시간이 지날수록 미수가 가지는 휘에 대한 마음이
점점 깊어지고, 휘 또한 자율산군이나 제안대군을 대하듯
할 수 없는 자신의 마음을 알아가게 된다.
그리고 마침내 다가온 가례!!
중전의 앞날을 생각하면 휘의 마음은 무겁기만 하다.
그리고 그런 휘를 바라보는 미수의 마음도 복잡한데…

〈모델〉 〈아르카나〉 등으로 큰 인기를 누렸던 이소영 작가의
조선시대 왕실을 배경으로 펼쳐지는 아름다운 로맨스!

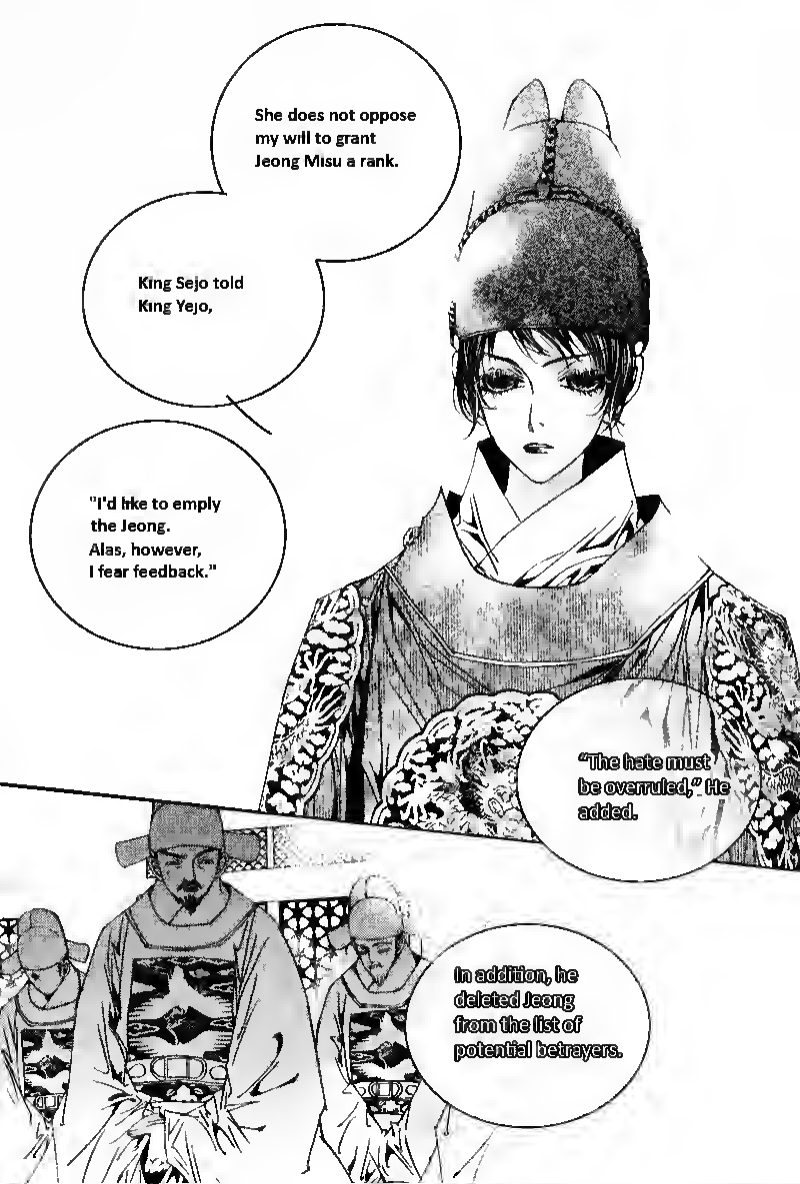
Sire, you must not allow this to happen !

He is a son of the betrayer !
He should have had his name removed from the royal family tree and punished !
However, King Sejo showed uppermost kindness and -
Spared his life
And that was the most generous !
A generation has passed but it still does not change the fact
That he is a seed of potential unrest.
We should be keeping eyes on him and certainly not grant him a rank !

Sire, on behalf of others in the hall,
I demand you to take his rank away from him right now !
... As you can see,
Take his rank away, sire !
Queen mother has not chosen to be here.
Which means



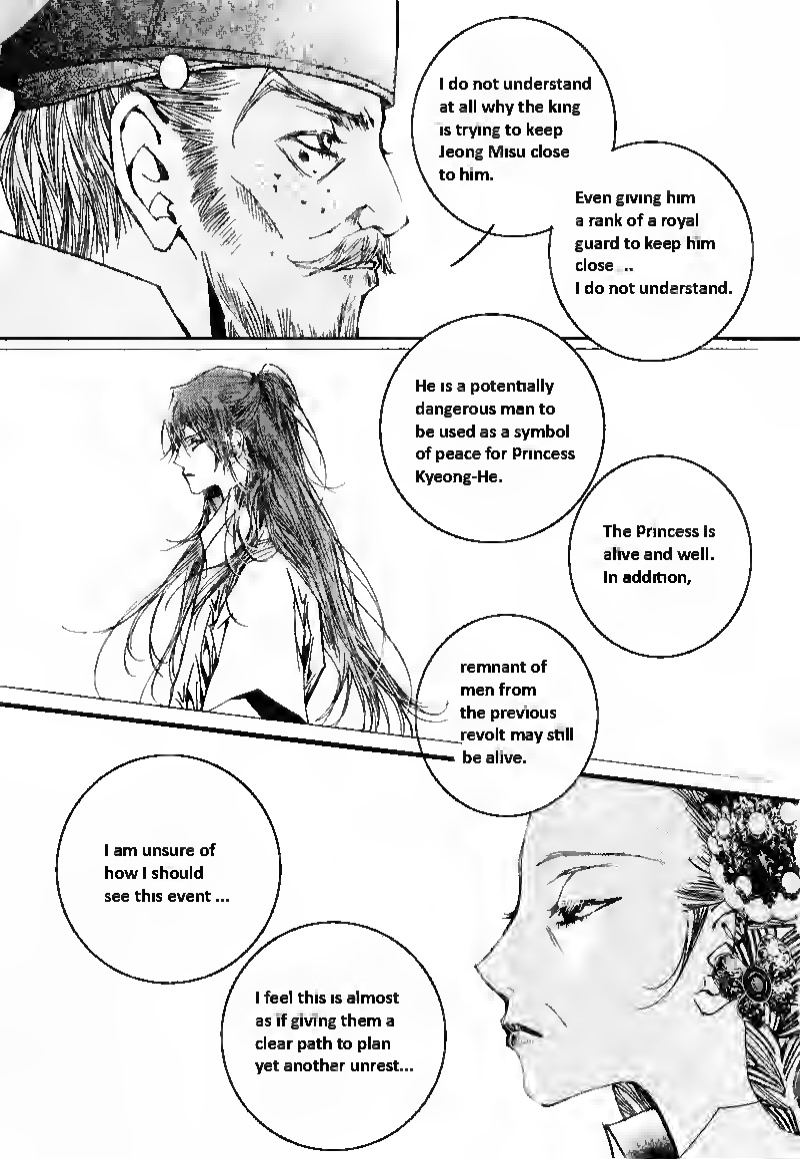
She does not oppose my will to grant Jeong Misu a rank.
King Sejo told King Yejo,
"I'd like to emply the Jeong. Alas, however, I fear feedback."
"The hate must be overruled," He added.
In addition, he deleted Jeong from the list of potential betrayers.

Hyeongjo-Jeongrang : A name of a rank belonging to Hyeongjo. I had no way of translating it to English.

Granting Jeong Misu a noble rank can be seen as a generous support from
you, the queen mother, to make him a noble again.
However, granting him a rank of Hyeongjo-jangrang ...
After he had spent little time as a mere guard...

JANIMES.COM

I feel that it's too early.
Not to mention that the king's marriage is to be held 4 days from now.
I just feel that this is happening too sudden and too fast.
Are you concerned that ...
The king may be trying to get Jeong Misu under his complete influence and control ?



I do not understand at all why the king is trying to keep Jeong Misu close to him.
Even giving him a rank of a royal guard to keep him close ..
I do not understand.
He is a potentially dangerous man to be used as a symbol of peace for Princess Kyeong-He.
The Princess is alive and well. In addition,
remnant of men from the previous revolt may still be alive.
I am unsure of how I should see this event ...
I feel this is almost as if giving them a clear path to plan yet another unrest...

It will be like giving water to a withered plant.
This does not bode well.
Giving water to a withered plant ...
It may give it a renewed life, but it won't let it blossom a flower.

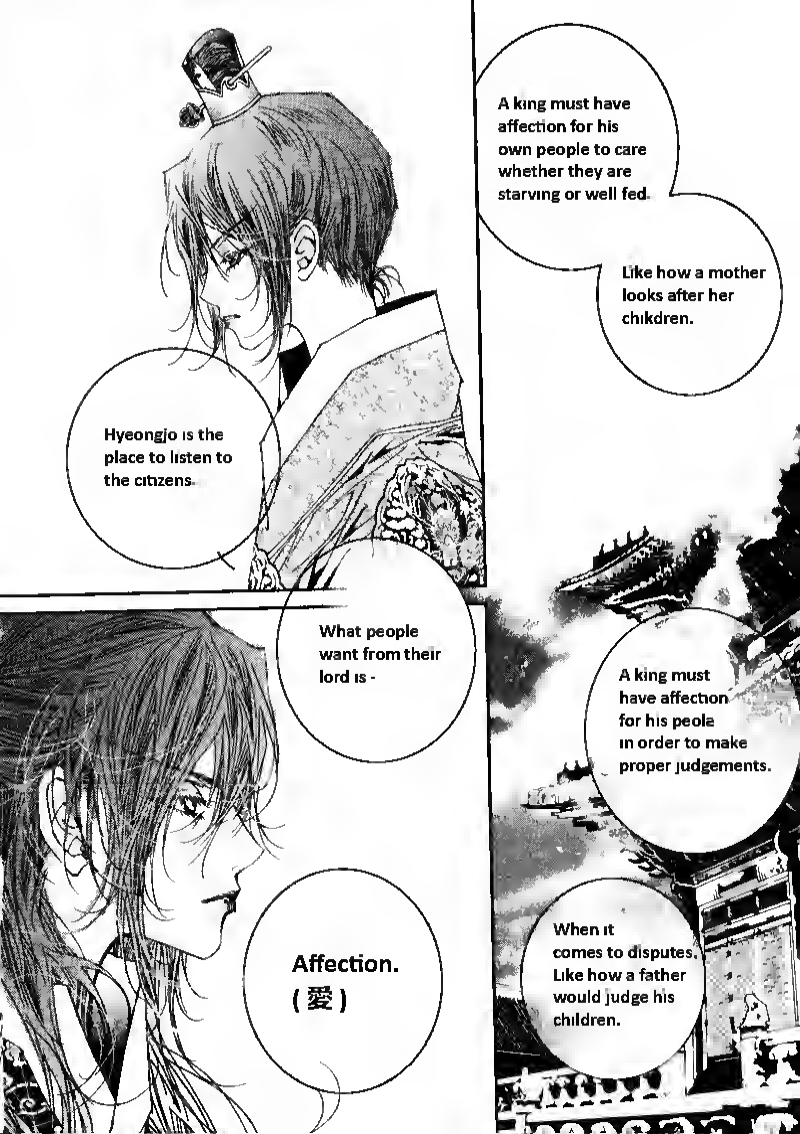
No one in right mind would want to make Jeong Misu a prince.
Do remember. His last name is Jeong Only Lee has ruled this country
Place a Jeong in a king's throne would be ...
Creating a new whole new country.
That is beyond a revolt. That's a revolution. No one can file a legitimate claim with a Jeong for a revolution.

Giving water to a plant that has no chance of
bearing a fruit ...
It's just that . .

I feel that our young king is ...
Trusting Jeong Misu so soon so fast ...
I should let you know that this was purely king's decision. I took no part in this.
Why did he pick that specific rank ...

I feel that he may be trying to overcome his image of being weak.
This may be a sign and a beginning that he wants to rule as he sees fit.
I fear that
In the near future, there may be internal power struggles between him and me ...
I am quite worried ...

After my marriage...,
I will revoke your royal guard title.
The reason I am sending you to Hyeongjo is ...
I want you to be my eyes and ears just how you were so as my royal guard.
I want you to listen to the people for me.



A king must have affection for his own people to care whether they are starving or well fed.
Like how a mother looks after her chikdren.
Hyeongjo is the place to listen to the citizens.
What people want from their lord is -
A king must have affection for his peole in order to make proper judgements.
Affection.
(愛)
When it comes to disputes. Like how a father would judge his children.

In order to listen to my people closer,
I must borrow your eyes and ears.
Eh

Snap out of it, Jeong MIsu !

He is your lord to serve !
He is the king of this country !
Will you stop frowning, Lady Choe.

I can tell you want to scold me about what I did today.
Sire, why did you touch him again ?
And you laid your hand on his face...
If somebody overhears us, he will think I beat him.

Well...
My hand ... simply had a mind of its own.
When I held the bow toward Jeong Misu at the archery range,
All I wanted was pay him back.
But at the moment the arrow left my fingers ...
I wanted it to fail.

What is the commotion about ?

I deeply aplogize for the disturbance.
Please, do not mind us.
This young maid became dizzy and collapsed.

Sire, I answer your cal -

Take the maiden to her quarter carefully.
Call a royal doctor for her. Further, for tonight,
I am granting all maids and servant a break tonight.
Sire, you should not -
This is an order.

Why do you thnk she collapsed ?
They guard my place every night.
I am taking their sleep away.
The least I can do is give them a break once in a while...
If you are concerned however,
Tonight,

Lady Choe and Jeong Misu should be enough
To guard my place for a night.

Oh, no - !
You will be marrying in 2 days !
You've got a stomach upset again, haven't you.
I will be fine
I was a little nervous when I was having dinner ...
It's going to be fine.
Your tendency to get stomach upsets has gotten worse
Ever since you were selected to be the queen.

You get nervous too easily.
I should really call a royal doctor through the queen mother...
I said, I will be fine.
I will take a walk That should do it.

I'd like to walk alone from here.
I am afraid not, ma'am.
Having a walk at this hour alone is serious enough if they find out.
I won't go far. You will be able to see me.
Do I need permission for every little action I take ?

My fate will be like the reflection of the Moon
on this pond.
I will be locked up forever in a prison called the royal palace...

It's never good to fall into that pond.
S, sire ?!

We need to make sure that he is indeed in his bed.
I don't have a good feeling about this.
Ever since he was a child ..., he showed rather good skills
when it came to fooling others and disappear.

If your stomach Is upset again, call a doctor.
!
Excuse me ...
But have we met before out side of the palace ?
I didn't recognize you by your face but the mention of stomach upset.
I do remember taking you to a doctor prior.
Y, you mean, the stranger who took me to a doctor was ...
It's quite interesting just to be called a coincidence.

I apologize to show up like this prior the marriage.
But I ask you to keep silent about this encounter.
Looks like he went through that window.

I will inform the others.
No !
You must not.
In 2 days, there will be a national marriage.
There is no advantage at all to let the world know of this incident.

After two nights, you will be married.

In near future, the others will start to criticise you with less mercy.
I can only protect you closeby
For two more days.

Do I seem unstable to your eyes ?

I guess I can't blame you for thinking like that, considering the incidents so far...
And tonight...
However...
Sorry to disappint you but -
I will walling on a much more dangerous path soon.
I suppose I can see where you are coming from.

Jeong Misu
For such a dangerous journey....
I want you to join me.
Will you ... accompany me ?

What I am saying is -
Even if I ask you to jump

Are you willingly
accept such an order

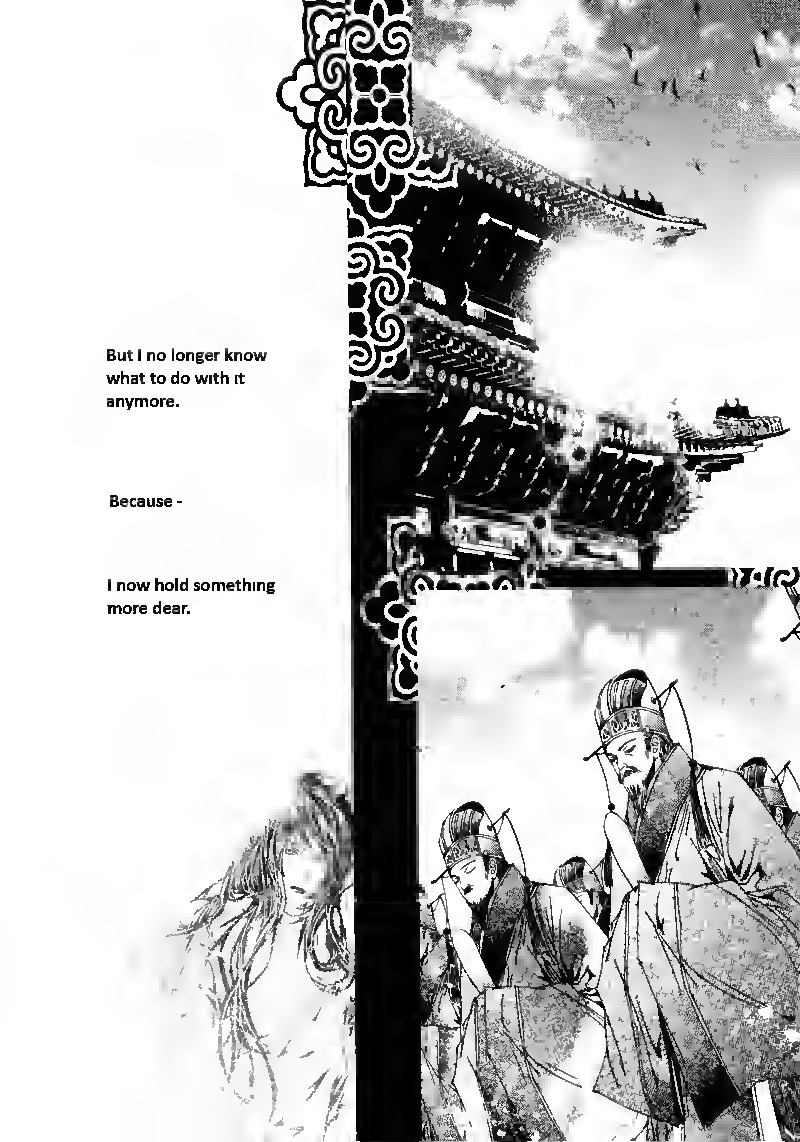
Of course ...

Without any hesitation ...

However....
I sense great hesitation from your eyes ...
A king's eyes ...

Must say [illegible] even if you order your men to their ultimate demise.
They are too warm ...
[illegible] your eyes...

I suppose Lady Choe knew Misu would be able to find me.
After all, he knows routes I've taken to avoid eyes ever since I was a child.
But neither wouldn't have realized why I went to the pond on that night.
I realized I buried important memory there.
And I managed to dig it out.



But I no longer know what to do with it anymore.
Because -
I now hold something more dear.

Our king !
Our queen !
We pray you the best luck from the heavens and longevity !

Don't be concerned
...

The marriage will happen ...
The reflection of the moon on surface of the pond reminded me of my own position ...

But ...

I suppose ...

It wouldn't be too bad ... with him.

It wouldn't be too cold and lonely, I suppose ...

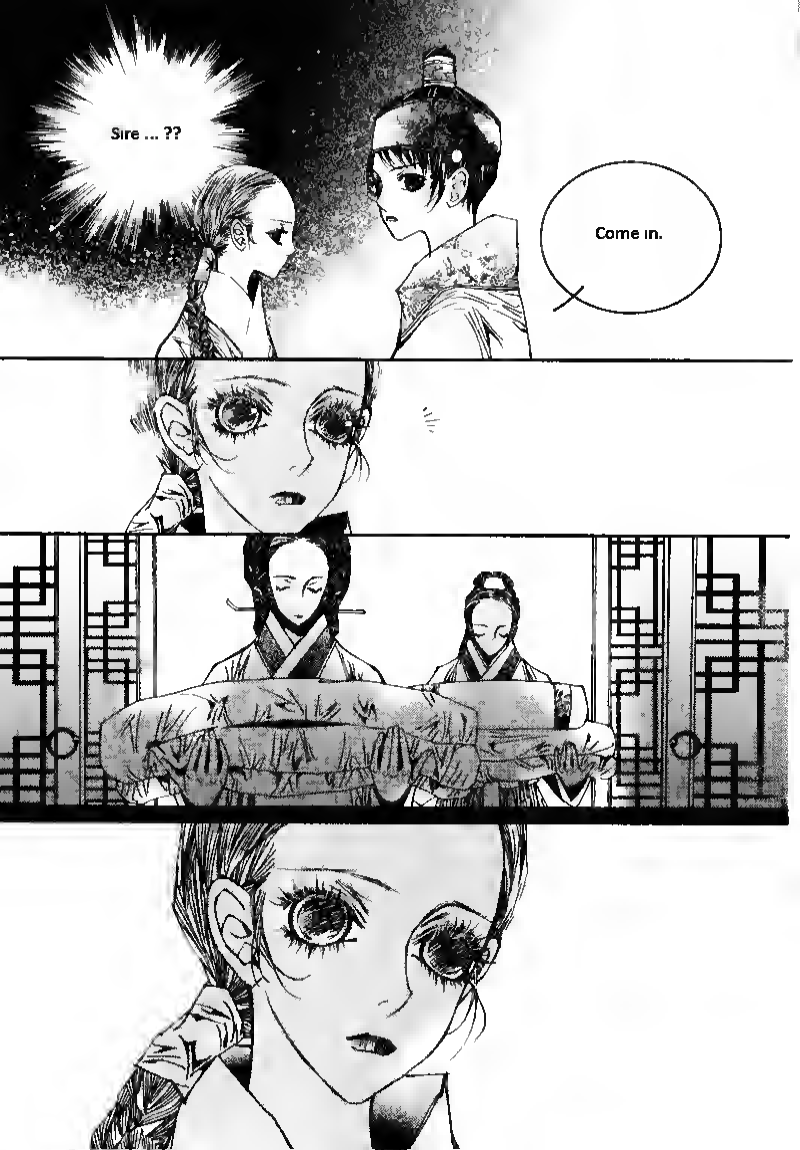
I will not explain my situation to you.
If you choose to disrespect and hate -
such a husband
I will gladly
Understand you.



Sire ... ??
Come in.

And this will let people know that we've spent a night together.
And this will be continued on the next day, the day after and after ...

Anything else will be kept secret.
You must also keep silent about what is really going on ...

I apologize ...
I am so sorry ...
This may be cruel ...

But this is the best
I can do for you for
your future ...

The least I can do for you

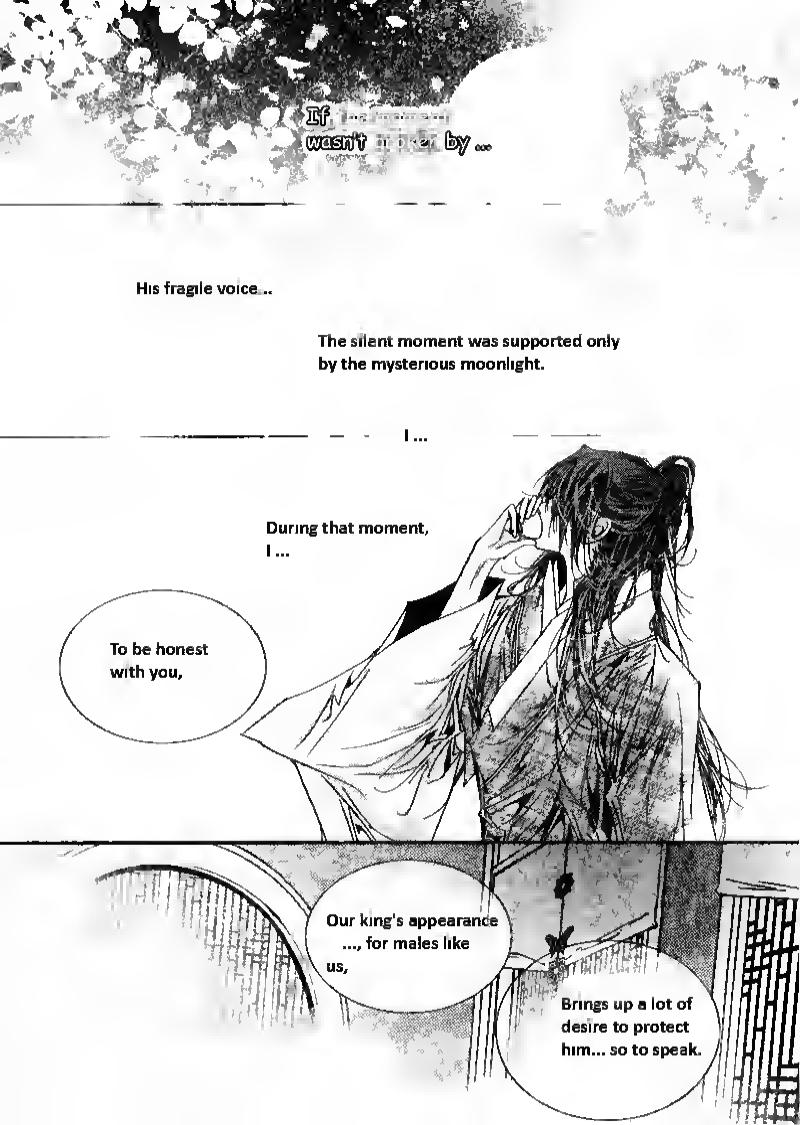
It was to be an uncomfortable moment for both of us.

Yet, I almost felt like we were trying to keep the way we were.

... Let me go now ...

벌써 5월이다 조만간 크리스마스겠군 ㅠㅠ
요즘 '옥탑방 왕세자' 보는 재미기 솔솔~ 두 주인공이 넘 연기 잘해~~ㅋ



If ... wasn't ... by ...
His fragile voice...
The silent moment was supported only by the mysterious moonlight.
I ...
During that moment, I ...
To be honest with you,
Our king's appearance ..., for males like us,
Brings up a lot of desire to protect him... so to speak.

Although still young,
His figure is ... rather very feminine both in size and shape.
Not to mention his snow-white pale skin.
And pitch black eyes ...
I will say this : He has qualities that men can generally never have.

And his long thin fingers ...
Please stop !
Why do my words bother you so much, Misu ?
Do they have too much truth in them ?
Do not lose focus, Misu.
I am saying this to you because I see a man trying to protect a woman.
Rather than trying to protect his lord...

Your joke ...
Is a little sick, sir.
True. My joke was dangerous considering it was directed at the king.
However, you should realize that -
The prince's perceptive eyes ...
You have let your guard down so much that anyone can see that something is amiss with you.
They were the most uncomfortable on that night.

However, no matter how much I try to avoid his point ...

I just ... couldn't forget and let go...

The night I embraced him ...

His warmth and slight shaking -

Even when drunken like this, still can't let go ...
.... Now I am not sure what to do anymore.
The joke was meant to shake you a little and get you back on the track ...
But now you've totally taken the bait and pushed yourself like this ... Meaning there is a good dose of sincereity in your mind ...

If this keeps up, sooner or later ... he will be accused of a crime against royalty.
And will probably be executed.
What a turn of event would that be...
.....
However, he cannot be blamed in truth.
The king has more natural beauty than any women I've seen so far.
Any men would eventually have his hearts conquered.
Given enough time, that is.

On her legs and arms, there are slash cuts.
And the bruise on her neck indicates that she was tortured and then was strangled to death.
There are some people out there who claim to know her identity.

According to them, she is a slave and her name is Goo Uop-Ji.
Sir ?!

You sounded surprised that I am here.
No, sir.
I was informed that one of the royal family members would look into this case.
You could be curious why a royal member is paying attention to some random female slave homicide case.
Normally, we wouldn't care. However ...

If that dead female slave in there has some kind of connection to..., let's say a prince,
there will be more than enough reason to justify my presence.
The king sent you here for this reason as well.
쿠
크크크

No one can touch me ! No one in this country can harm me !
All their efforts will be in vein !
How miserable is that ?!
Just because some random slave bitch got killed, all those commotions?
How far this country has fallen !
Aren't you curious ?!
.... Sir ?!

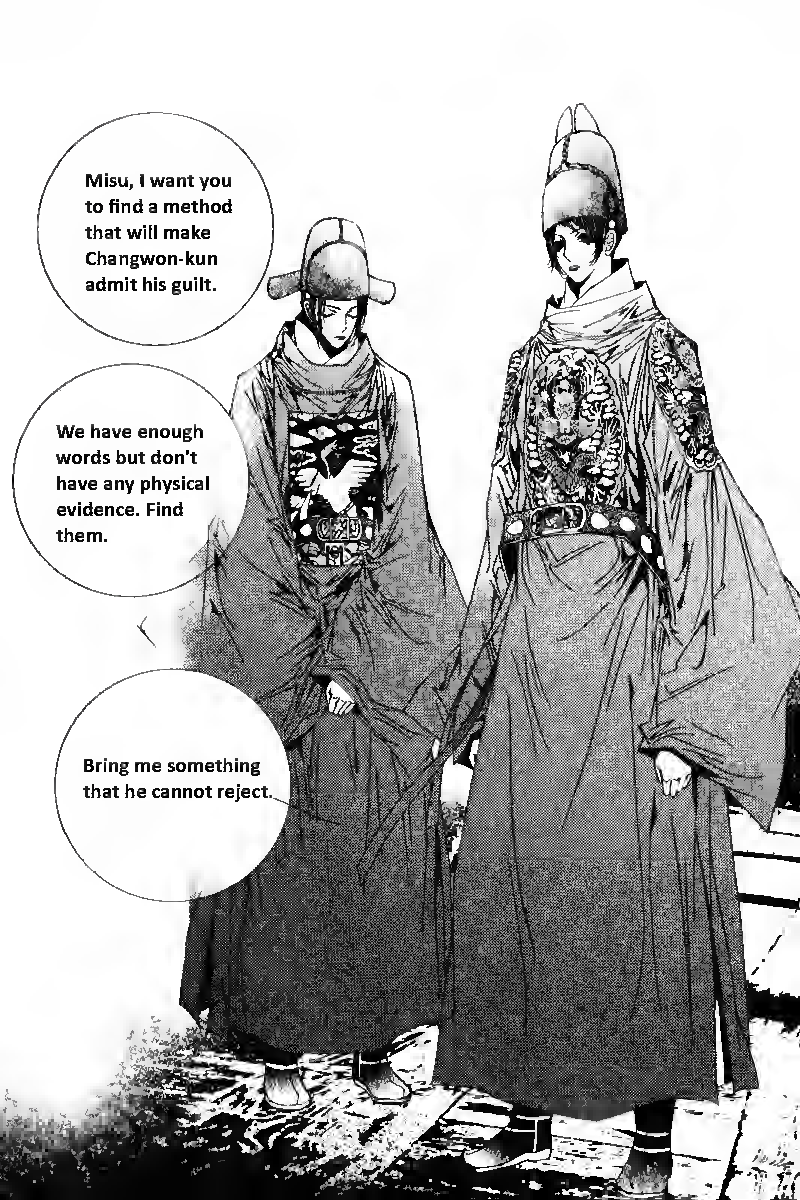
Aren't you curious how I punished that whore ?!
First of all -
I ... massaged her shaking arms ...
Like this ... !

And left vivid marks of my love on her sweet arms ...
And then ...
I knew the whore had another man in her mind.
So, I punished her.
On her legs !

So, to summerize, other slaves claimed that they knew who murderered the female slave.
And the suspect claims that he does not know her
Hmhp, i knew he'd use that excuse.
There is no way he would confess his sins given his violent nature

There are already enough evidence to punish the prince.
However ...
There has been no such a case where a royal prince received any serious punishment for harming slaves.
Social rank is clear in this country and social rank determines how one's treated and punished.
Given his rank and the fact that he is a young - male - member of the royalty,
Even if he admits his crimes, his punishment will be small.

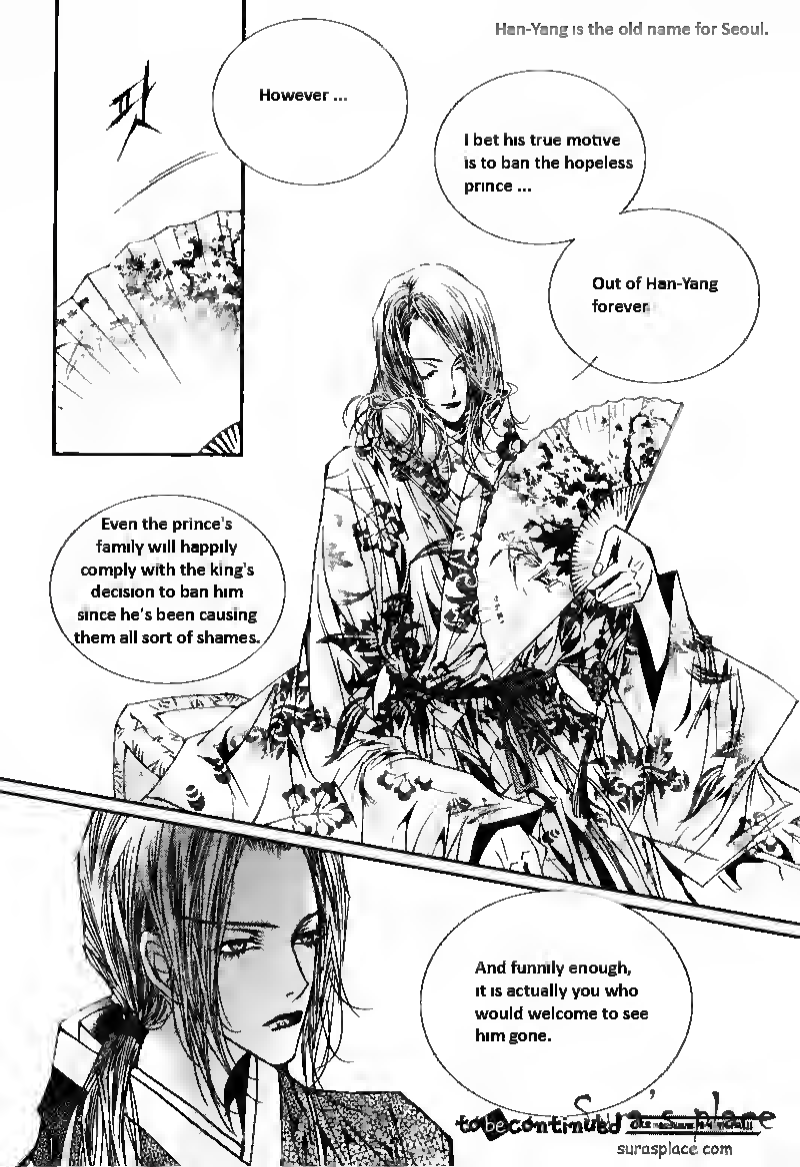
I want him to correct his rotten mindset that, just because he is a royal member, he can treat people like objects.
A life is a life regardless of their social ranks.
My punishment for him is not capital if you are wondering.
What I want is ... I want him to admit that he is guilty from his heart.
No one has a right to abuse another's life just because one's a slave.



Misu, I want you to find a method that will make Changwon-kun admit his guilt.
We have enough words but don't have any physical evidence. Find them.
Bring me something that he cannot reject.

This is laughable.
What's bothering you, brother ?
The true reason for this commotion.
I suppose the king wants others to know that even royalty cannot keep them safe from crimes.

Han-Yang is the old name for Seoul.



However ...
I bet his true motive is to ban the hopeless prince ...
Out of Han-Yang forever
Even the prince's family will happily comply with the king's decision to ban him since he's been causing them all sort of shames.
And funnily enough, it is actually you who would welcome to see him gone.

Perhaps, he gave out a small evidence to conceal a bigger one.
Perhaps, he had brought back the torture weapon he used at that time

He must have it now at his house.
Considering his personality, he is not a kind of person who would abandon a murder weapon he used once.

It is said that pulse patterns between men and women are different.
But it has never been clearly defined.
No doctor will claim that you are a woman by just checking your pulse.

in other words !
You came to a place where they could pose to be the current king's potential enemy. Do you understand what I am trying to say ?!

This is the last place you should be at ! Better yet, you shouldn't even be visiting here !
Have you been giving my brother inside information?
You do realize that, if someone reports you for suspicious activities, everyone involved
Including everyone at this manor could be labelled as traitors !
T, this is a big misunderstanding!
This is not good !
Please trust me that this is my first time visiting here tonight !

Is that so ?
Well then, feel free to inform me why you came to see my brother then.
He... he's a snake... !
Well ...
Sire, Lord Ja-Ul is here.

I understand that you are concerned about uncle Chang-Won.
I also understand that you played a big part in acquiring the evidence.
I will give it deep thoughts before making the final decision.
I trust that whatever decision you are going to make will be the best for him.

Thank you.
You keep giving
me strength.
Sire..., please
... do not move
for a moment.
Yes?

..... If you speak of what you've just told me again to anyone, I repeat, ANYONE,

I will take you to the king and will make sure that -
You will receive a timely execution for defying our king !
No need for all that formality. I will simply rip you apart by myself and get it over with.
No, actually -

Lord Ja-Ul ?
Ah, I, uh, I apologize -
There was a fallen leaf -
비틀
탁

You are bleeding !
